Testimonials

Principal Connie Grier Wagner Middle School

"When I was contacted by Ms. Skipworth and asked if I was interested in having a play yard put here that was not just solely for Wagner scholars but could be utilized by the community, I said not a problem because there are too many spaces in Philadelphia that are not safe spaces, that are not colorful spaces, that are not physical activity inducing spaces. So, I saw it as a win both for our Scholars and for the City and so with that said, I want to say thank you to Fiesta Schoolyards because this didn't cost Wagner a dime, and the children love it."

Principal Erica Green Conwell Middle School

"I want to say thank you to the Fiesta Schoolyards. An organization that partnered with us, Elaine Lindy and her family. I'm pleased to say that they are committed to young people in Philadelphia. They have a passion for urban education and programs that inspire social change."

School District Office of Capital Programs

"Working with Fiesta Schoolyards has been an incredible privilege, as they bring vibrant energy and a deep commitment to improving Philadelphia's community spaces. Collaborating with Carletta Skipworth throughout the process was truly inspiring, as her passion and dedication to creating positive change resonated in every step. Together we've helped transform schoolyards into welcoming, dynamic spaces that will benefit generations of Philadelphia families."
